VECTOR 18 HX AI A2XWJG-1000ES

## Specification

|                                             |                                                                                                                                                                                                  |
|---------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Procesador</b>                           | Intel® Core™ Ultra 9 processor 275HX with Intel® AI Boost (NPU)<br>24 cores (8 P-cores + 16 E-cores), 24 threads, 36MB L3 cache, Max Turbo Frequency 5.4 GHz                                     |
| <b>Sistema operativo</b>                    | Windows 11 Home (MSI recommends Windows 11 Pro for business.)                                                                                                                                    |
| <b>Pantalla</b>                             | 18" QHD+(2560x1600), 240Hz Refresh Rate, IPS-Level, 100% DCI-P3(Typical)                                                                                                                         |
| <b>Chipset</b>                              | Intel® HM870                                                                                                                                                                                     |
| <b>Tarjeta Gráfica</b>                      | NVIDIA® GeForce RTX™ 5090 Laptop GPU powers advanced AI with 1824 AI TOPS<br>Up to 2160MHz Boost Clock 175W Maximum Graphics Power with Dynamic Boost. *May vary by scenario                     |
| <b>Memoria de vídeo</b>                     | 24GB GDDR7                                                                                                                                                                                       |
| <b>Potencia combinada de CPU y GPU</b>      | Max. 260W CPU-GPU Power with MSI OverBoost Ultra Technology.<br>*Full Power CPU & GPU                                                                                                            |
| <b>Memoria</b>                              | 32GB*2 DDR5-6400<br>*The actual frequency will vary by memory combination and CPU capability.                                                                                                    |
| <b>Ranura de memoria y capacidad máxima</b> | Up to DDR5-6400, 2 Slots, Max 96GB                                                                                                                                                               |
| <b>Almacenamiento</b>                       | 1TB*1 NVMe SSD PCIe Gen4                                                                                                                                                                         |
| <b>Ranura de almacenamiento</b>             | 1x M.2 SSD slot (NVMe PCIe Gen4), 1x M.2 SSD slot (NVMe PCIe Gen5) Compatible                                                                                                                    |
| <b>Teclado</b>                              | 26-Zone RGB Gaming Keyboard with Copilot Key                                                                                                                                                     |
| <b>Touchpad</b>                             | Silky Smooth Touchpad                                                                                                                                                                            |
| <b>WebCam</b>                               | IR FHD type (30fps@1080p) with HDR & 3D Noise Reduction+ (3DNR+)                                                                                                                                 |
| <b>Audio</b>                                | 4x 2W Altavoz<br>Nahimic 3 Audio Enhancer, Hi-Res Audio Ready<br>Array Microphone                                                                                                                |
| <b>Puerto de audio</b>                      | 1x Mic-in/Headphone-out Combo Jack                                                                                                                                                               |
| <b>Puertos USB</b>                          | 3x Type-A USB3.2 Gen2<br>2x Thunderbolt™ 5 (DisplayPort™ / Power Delivery 3.1)                                                                                                                   |
| <b>Puertos de vídeo</b>                     | 1x HDMI™ 2.1 (8K @ 60Hz / 4K @ 120Hz)                                                                                                                                                            |
| <b>Lector de tarjetas</b>                   | 1x SD Express Card Reader                                                                                                                                                                        |
| <b>LAN</b>                                  | 2.5 Gigabit Ethernet                                                                                                                                                                             |
| <b>Wi-Fi/ Bluetooth</b>                     | Intel® Killer™ Wi-Fi 7 BE1750, Bluetooth v5.4                                                                                                                                                    |
| <b>Seguridad</b>                            | Firmware Trusted Platform Module(fTPM) 2.0, Webcam Shutter, Kensington Lock                                                                                                                      |
| <b>Adaptador CA</b>                         | 400W Adaptador                                                                                                                                                                                   |
| <b>Batería</b>                              | 4-Cell<br>99.9 Whrs                                                                                                                                                                              |
| <b>Tamaño (AnxPrxAI)</b>                    | 404 x 307.5 x 24-32.05 mm                                                                                                                                                                        |
| <b>Peso (con batería)</b>                   | 3.6 kg                                                                                                                                                                                           |
| <b>Color del chasis</b>                     | Cosmos Gray                                                                                                                                                                                      |
| <b>Garantía</b>                             | 3 years limited warranty                                                                                                                                                                         |
| <b>Xbox Game Pass</b>                       | One month of PC Game Pass<br>*Spec and bundle offer may vary by model and by country. Please refer to the final specification of the product purchased for Xbox Game Pass pre-installed details. |
